MEMBERSHIP INVITATION

We are the only membership body for the sports turf, amenity and leisure sectors of the grounds management industry. We support over 10,000 individuals and organisations who are involved with the industry, providing everything from technical information and advice through to training and qualifications.

Established since 1934 we set the standard for excellence in grounds management. Our training and education is recognised by employers and governing bodies throughout the UK and Ireland and our qualifications are internationally recognised.

In addition we encourage all members to take part in the IOG Continuing Professional Development programme (CPD) which is designed to keep you and your colleagues up to date with the latest industry developments.

We have also established and encourage Performance Quality Standards which provide a benchmark for the quality of surfaces at all levels - from grass roots through to national stadia.

Throughout the year we run a host of educational seminars, events and exhibitions to which members have priority access and subsidised places where relevant. There is also a vast library of up to date technical information ranging from soil, seed and plant science through to construction, maintenance and health & safety issues.

To ensure you are in touch with the latest IOG and industry news, reviews and information we publish bi monthly magazines which are free to all members these are further complemented by regular e-news and events bulletins.

On behalf of our members and the wider industry we work hard to promote the issues of the day including the professional standing of grounds staff, remuneration, skills gaps and attracting new entrants into the industry. We are actively working with government and employers alike on these matters as well as other key areas as outlined in our 6 year strategy for change - Challenging Perceptions (2006-2012).

To find out more about who we are, what we do and how IOG membership could benefit you, visit us online at www.iog.org
