

Changes at IOG Head Office

As part of the Institute of Groundsmanship's restructuring process, it is with regret that the following staff have left the IOG head office at Milton Keynes:

Lesley Bergman – Training & Education Administrator

Charlotte Lambert – Membership Administrator

Carol Mead – Office Administrator.

The IOG board of directors and officers would like to thank them for all their hard work and dedication over the years, and wish them well for the future.

Further announcements on IOG developments will be made in line with the organisation's forward strategy.
