

## Training & Education

Welcome to IOG Training and Education Provision for the Groundscare Industry

IOG Training & Education is the industry leader in delivering high quality and accredited qualifications for grounds care with courses available to you either on location or on-line.

IOG training courses are endorsed and recognised by the national governing bodies of sport and offer a wide range of skill development, from induction through to management level.

The IOG education suite offers apprenticeships, Level 2 and 3 sport turf qualifications both online and work based, and an ongoing continuing professional development programme. We also offer a City & Guilds Horticultural Skills Level 1 course.

As an IOG member you will receive updated information on all training and education activity, a 50% discount on short training courses, up to 10% discount on education qualifications, as well as access to a comprehensive online technical reference resource, ask the expert facility and telephone helplines for a range of advice including Health and Safety, technical, legal and employment matters.

For further information on our training and education provision please contact our training & education department on 01908 312 511 option 2 or email [training@iog.org](mailto:training@iog.org)
